Mimi McConnell, Executive Director of the Coalition for Buzzards Bay, introduces Christopher Reeve to the Coalition's mascot, "CW" (Clean Water)

Coalition's Guardian Award at a "Supper by the Sea" at Mass. Maritime Academy in Buzzards Bay Friday, August 9th.

Mr. Reeve's acceptance comments touched on his desire as a personality to be able to blend with citizens in supporting important causes. An avid sailor who sails Buzzards Bay as often as possible, he remarked that his promoting organizations such as Buzzards Bay "Save the Bay" is a way for him to connect with these efforts and help publicize vital environmental issues that are especially meaningful to him.

He spoke about the strength of personal involvement and the impact each person can make in creating a difference by becoming involved.

Wharf Dances: Tri-town Only

MATTAPOISETT SELECTMEN'S MEETING
AUGUST 6, 1991-by VIRGINIA MORGAN

In response to a query from the Wareham Board of Selectmen as to why Wareham youths were barred from attending the teen dances on the Mattapoisett Wharf on Thursday summer nights, Mattapoisett Selectmen last Tuesday penned a letter saying, in part, "The selectmen annually issue a license for teen dances to be held during the summer months on a portion of the town wharf area (public land of the town under statutory control of the selectmen) set aside for this purpose. A condition of the license is that attendance be limited to residents of Mattapoisett, Marion and Rochester, the three member towns of the Old Rochester Regional School District. An appropriate fee of $3. per person is charged to cover security and other expenses for conduct of the dance. The selectmen have determined that the invitation to the dance be limited. It was not extended to residents of any of the other 348 cities and towns of the Commonwealth. We regret that any residents of Wareham have taken offense. The action was not directed at them. They simply were not invited."

The letter sent to Wareham Board of Selectmen was in response to a letter from that board on August 1 noting that "during the July 30th citizens' participation portion of the selectmen's meeting, a citizen questioned why Wareham youth were barred from attending the teen dances."

Mattapoisett selectmen also responded to a second concern from Wareham that residents have been denied privileges because of their Wareham residency; namely, that Mattapoisett's Wilkie's "Mr Meat" establish-

ment would not accept personal checks from Wareham residents.

"As to the check cashing practices of Wilkie's 'Mr. Meat', a business located in Mattapoisett, we suggest that you and the complaining Wareham residents speak directly to the business concerned. The check cashing practices of businesses within the town are not under the superintendency of the selectmen", Mattapoisett's selectmen's letter explained.

(The incidence of barring from the teen dances occurred when a Wareham mother left her young people at Mattapoisett Wharf, but when she returned to pick them up, she was greeted with a complaint the Wareham youths were not allowed in to the dance and had been waiting over two hours to be picked up. At the time Maurice Tavares who runs the dances on behalf of the Mattapoisett Track Club explained the dances were for tri-town residents only.)

In other business, Selectmen:

ADOPTED RULES AND REGULATIONS for the Fire Department, effective August 6, 1991. Those adopted were discussed and reviewed by Fire Chief Donald C. Wood and firefighters.

ment, according to state statutes. The selectmen shall determine the number of firefighters and shall appoint each annually and fill vacancies as they occur. Selectmen may remove the chief and other officers and firefighters at pleasure as provided in the state statutes.

Officers include: Captains, William T. Nicholson, Clifford D. Tripp, Ronald E. Scott and Albert Sylvia; Lieutenants, Paul M. Kelley, John N. DeCosta, Jr., and James L. Sullivan; Training Officer, Leroy E. Jones; and Medical Officer, Evelyn A. Ellis. The new rules and regulations determine the line of duty in emergencies, the responsibility for equipment and apparatus, arranging and conducting drills. Personnel engaged in fire fighting shall have a basic knowledge of fire fighting procedures, with 13 procedures included.

The minimum age for appointment to the fire department shall be 18 years and drivers shall be 21 years of age and over. All members are expected to attend at least 50 percent of drills. Failure to attend the 50 percent shall require written notice to the chief of the reasons for failure to attend In all, there are nine rules for fire fighting and 19 regulations involving personal behavior practices.

In summation, the rules and regulations are not intended to provide, nor can they provide, answers to every question or problem that may arise in a department of the town established and maintained for emergency services. Effective fire and rescue service requires the intelligent and conscientious discharge of duty by each member of the fire department. It requires their loyalty, integrity, ability and interest in the good of the department.

INFORMED Mr. and Mrs. William T. Sprague of 13 White Pine Avenue, West Wareham that a Class III license to open B & G Auto and Truck Repair at 79 Marion Road (former Gingras/Hiller station) was not needed as described in the state laws. The Spragues will have to record the business name, owner and address with the town clerk.

Building Inspector Andrew J. Bobola said there had always been a car repair shop/ used car lot on the property and that it is a non-conforming use according to the 1967 zoning by-law. He did not feel a Class III license is necessary.

However, Selectmen Chairman John N. DeCosta explained after a brief meeting the Spragues would have to apply by January 1, 1992 for an auto repair shop permit, according to new legislature.

Attending the hearing were Robert Gingras, abutter and owner of the building Sprague will lease, and Gladys and Jerry Stratton, also abutters. Seven abutters were notified. Gingras explained that in 50 years of conducting a garage and gas station at that site he never had a Class III license. He added that his son will continue to conduct a machine shop business in the rear of the building. Mr. Stratton questioned Mr. Sprague

Mr. Sprague explained he will repair only autos and light trucks; he will not sell gasoline or used cars; and will not leave auto parts about the property. He added he has a truck and will dispose of the old auto parts daily.

WERE INFORMED by Police Safety Officer Paul H. Magee that the New Bedford Institution for Savings Bank on Route 6 and Mechanic Street has complied with his request to remove the rocks on the edge on the bank property facing Mechanic Street.

Officer Magee noted these rocks were placed there to keep vehicles from parking on the side of the road. This area has since been posted a no parking zone and the rocks are no longer needed.

Officer Magee also notified selectmen he has received a request from Daniel White to put in a driveway between 15 and 17 Baptist Street. Mr. White also requested a no parking zone directly across the street from the entrance of the driveway. The area has been checked for any problems and none were found with either the drive-

REVIEWED A REPORT from the Board of Health on the most recent inspection of the sanitary landfill by Tighe and Bond, Engineers, on July 24th.

"The town recycling station is well organized and maintained. An attendant has been hired to monitor the recycling area. In general observations, it was noted there was little windblown litter and accumulation of windblown litter appeared well policed. The leaf composting area appeared well maintained. Landfill personnel indicated composting progress has been hampered by dry weather conditions and lack of a suitable water supply on site for wetting the compost to aid in decomposition.

lapidary, the cutting, polishing and engraving of precious and semi-precious stones.

New exhibitors to the show are: Thomas Jackivicz of Mattapoisett who will demonstrate corn broom making; Judy McFee, also from Mattapoisett, who will display and paint watercolors; Pat Ruby, Grafton, MA, well-known for "Diddle", her dough figures; Alice Laine of Carver, MA, a doll maker; and Mildred Wood of Mattapoisett, who will demonstrate the complicated procedures of knitting by machine.

Sadly missed but fondly remembered is the late Tony Pelson, a long-time enthusiastic supporter of the Craft-Art Show as well as one of its best-known artisans. Tony not only exhibited his beautiful stained glass but also demonstrated its production in such a way as to give the procedure an appeal to all.

Tony also demonstrated his love for the library. He raised and lowered the flag at the library, going out whenever the weather changed to bring in the flag as prescribed by proper flag etiquette. He kept the ground clean and free of litter and did all he could to make it an attractive town property. His smiling, friendly presence enhanced the place where he was, whether it be around our town or at the Craft-Art Shows.

Your attendance at the show this year will be a fitting tribute to Tony Pelson.

The Fall River Line

SIPPICAN HISTORICAL SOCIETY PROGRAM ON STEAMSHIP LINE

John Gosson, Curator of the Marine Museum at Fall River, will be the featured speaker at the Sippican Historical Society lecture to be held Tuesday, August 20th, at 7:30 p.m. at St. Gabriel's Parish Hall in Marion.

The Fall River Line of luxury steamships traveled from New York to Fall River during the years 1847 through 1937. The splendor of ships like the Priscilla, Puritan, Providence and Plymouth earned them the nickname "floating palaces". Mr. Gosson oversees the museum which houses memorabilia that ranges from the Priscilla's grand chandelier to a steam whistle, china, velvet upholstered chairs and uniforms of her captain and first mate.

The lecture will encompass the history and style of oldtime steamship travel on the Fall River Line. Admission is free and the public is encouraged to attend.

Much of our lives tends to be wrapped up in the way we are perceived by others. So much so that we can forget who we really are. We often judge others on what they present on the surface, instead of looking deeper. We need to ask some essential and probing questions about ourselves in order to determine our basic identity.

"You Look Mahvelous, Dahling!" will be the title of the sermon this Sunday at the Mattapoisett Congregational Church. Our

Marion Recycling Program

The Marion Recycling Program has completed its first year. After a careful evaluation, we concluded that a change of our marketing collectors, except for newspapers, was needed. We now have a contract with South Shore Recycling of Sandwich, MA for the purchase of our glass, plastics, corrugated boxes and office papers. For a year we have had collection of our newspapers by Rhode Island Newspaper Recycling Co. (a subsidiary of the Garden State Paper Co. of New Jersey). This plan has worked extremely well. In February we contracted with the Brockton Steel Can Co. for the collection of our steel "tin" cans. This is going well also.

At the request of several residents, I note here that we do not have a plan for

a recycling arrangement with SEMASS, as their representative suggested recently.

When our DPW collects recyclables curbside, or residents take them to the Recycling Center at the Transfer Station they are stored until the facility (trailer, bin, dumpster) is full. Then Rob Zora, DPW Superintendent, calls the marketing collector, either to come for them or accept delivery. It is the marketing collector, i.e. South Shore Recycling who locates the end of the line market which will accept the items for an agreed upon price (which can fluctuate according to the demand). We then are paid according to our contract.

Glass, for instance, is purchased by such companies as Anchor Hocking in Connecticut or Foster Forbes, Milford, MA. Our glass is melted there and formed into new bottles. It is absolutely necessary that our glass which begins the process must be without "contamination", that is, clean and without rings, caps and neck foil (metal). We have had major problems with this requirement. Although our flyer and other publicity has emphasized this fact, many participants in our program have not remembered this. Our former collector took it anyway, but his erratic collections, causing the bins to be spilling over too often, his non-response to our request for collection in June, as well as his non-payment of the per ton $15.

he offered (we lost several hundred dollars) made us decide we needed a different collector.

South Shore Recycling appears to operate in a much more professional way. However, he could not accept our "contaminated" glass, and knew that his markets would not accept it, particularly because the market demand for glass is very low now. For non-contaminated glass, he will pay us $35. per ton (one bin holds approximately 15 tons at $35. per ton equals $525 - deducting $200 transportation to the processor we can realize $325. profit per bin, as well as a dependable plan for saving resources!)

To prevent another disaster, we have instituted a new plan to ensure that the glass we collect is acceptable. The attendant(s) at the Recycling Center are inspecting each bottle received by curbside collection or drop-off. They are explaining and demonstrating how to remove the rings, caps and foil when items are dropped off, and also they are removing them from those received curbside. Then the glass can go in the bins. This is not cost effective for the DPW and our program.

If each resident participating made certain the glass is not contaminated the added work and expense at the Recycling Center could be avoided.

The next collection curbside will be Wednesday, August 21st. Please no caps, rings, or neck foil. Thank you for your participation.

The August Birthstone

PERIDOT

For the Romantic ... the PERIDOT,
a transparent gem stone of a rich olive green.

Peridots recently have been in the midst of a new upsurge in popularity, although this gem has been known for centuries. Some of the finest Peridot gem stones have been treasured by Cathedrals in Europe, ever since the Crusaders brought them home from the shores of the Red Sea. Some especially fine ones are those belonging to the Cathedral of Cologne.

When set in gold, the Peridot is said to achieve its greatest power. It is credited with repelling all night-time terrors for the frightened woman who wears it. One rhyme warns that she who was born in August and fails to wear a Peridot will "live unloved and alone."

The deepest colored Peridot gems come from St. John's Island in the Red Sea. Burma provides some gems of fine quality; a few very small stones are found in Arizona, New Mexico and Hawaii, while lighter-colored stones come from Queensland, Australia. Some truly "Heaven-Sent" Peridots have been found in Meteorites.

While the Peridot may vary in the deepness of shades, all will be green. It is one of the few gems that comes in only one color.

The highlight of the reunion was the wedding of a grandson, Robert Crosby Dudgeon, son of Stuart Anthony Dudgeon, formerly of Mattapoisett, and Joyce (Goodale) Dudgeon, to Linda Ruby on Sunday, July 28th. The beautiful outdoor wedding was held on the premises of Dave and Kris Brammer's home on Rock Street. Approximately 100 guests attended.

For the Goodale Reunion Group, the balance of the week was spent not only enjoying each other's company but visiting the New Bedford Whaling Museum, the Mattapoisett Wharf, Boston Museum of Science, Faneuil Hall, Quincy Market, the Aquarium, Newport's Mansions, Martha's Vineyard, Edaville Railroad, and of course Mayflower II, the famous Rock and Plimoth Plantation.

Members of the family came from near and far. Marsha (Goodenough) Steckbauer and her two children, Juliane and Jonathan Lorraine, arrived from Redondo Beach, California; Dr. David Jonathan Goodenough and his wife, Diane, and sons Adam and Ryan, were present from Bangor, Maine; Lynn Goodale arrived from Washington, CD; Lisa (Goodale) Lakeoff and her husband, Andrew from Nashville, Tennessee; Keith Goodale and his wife, Cathy and their children, Katie, Patrick, Mary, Maggie and Daniel, from Chicago, IL; Joyce (Goodale) Dudgeon and her husband Stuart from Willington, Connecticut; LeeAnn (Dudgeon), Kevin and Jessica Gordon from Stafford Springs, Connecticut; Cindy (Dudgeon) Tillman, her husband Danny and daughter Dameron, from Rye, New York; and the bride and groom who now reside in Westport. Open Air Art Show

Area artists are cordially invited to participate in the popular Open Air Art Show and Sale conducted annually by Friends of Dartmouth Libraries. This year, as last, it will take place on the grounds at Southworth Library, 732 Dartmouth Street, South Dartmouth. The one-day event is scheduled for the 24th of August from 10 a.m. to 4 p.m. In case of inclement weather, the show will be set up indoors.

No entry fees are required of participants, whether artists or spectators, nor is the art work restricted to easel paintings. Two-dimensional graphic arts, including photography, plus sculpture, woodcarving, as well as art work in glass, ceramics and metal will be welcomed.

Arrangements for the set-ups by exhibitors should be discussed in advance with Sue Cabral, Exhibition Director, when space reservations are made. The number to call is 999-4320.

Acclaimed art teacher and award-winning easel painter specializing in nature subjects, Ms. Cabral looks forward enthusiastically to another successful show, such as in former years; she urges registration by interested artists, be they amateur or semi-pros. Entries will not be screened for acceptance, nor will they be judged at this show; but exhibitors will be asked to post the asking price on each piece offered, and to contribute to the Friends organization a modest commission on total sales. Net proceeds from the day's sales will be used by the non-profit, volunteer group in support of extra-curricular ac-

Clean Water Act Proposal

FROM U.S. ARMY CORPS OF ENGINEERS
COMMENTS SOUGHT ON
NEW PERMIT PROCEDURE

The U.S. Army Corps of Engineers is proposing to implement a Letter of Permission (LOP) procedure that will expedite permit processing for minor activities under Section 404 of the Clean Water Act and Section 10 of the River and Harbors Act in Massachusetts.

Section 10 of the Rivers and Harbors Act provides for federal regulation of any work in, under or over navigable waters of the United States and Section 404 of the Clean Water Act regulates the discharge of dredged or fill materials in United States Waters, including wetlands.

Project eligibility under the LOP will be in the form of a written authorization from the Engineers, providing the U.S. Fish and Wildlife Service, the U.S. Environmental Protection Agency (EPA), and/or the National Marine Fisheries Service concur that the project is minor in nature. The term "minor" is defined for LOP purposes as having minimal individual or cumulative impacts upon U.S. waters. Eligibility for the LOP also requires a Water Quality Certificate waiver or issuance from the Mass. Department of Environmental Protection and/or the Coastal Zone Management Consistency Concurrence

New Bedford Portraits

"NEW BEDFORD FACES"
AT WHALING MUSEUM

The New Bedford Whaling Museum at 18 Johnny Cake Hill announces a special exhibition, "New Bedford Faces", consisting of forty-five portraits of persons who lived in greater New Bedford during the 19th century. Drawn largely from the Museum's collection, these portraits offer a representative sampling of the appearance of the community, as seen through the eyes of artists and sculptors of varying degrees of talent and insight. The exhibit closes January 4, 1992.

Whaling merchants and their wives made their appearance, usually rendered by prominent artists, such as Thomas Sully and Chester Harding. The carver of the Mount Rushmore presidents, John Gutzon Borglum, is represented with a bust of Jonathan

Bourne, Jr., for whom one of the Museum's buildings is named.

Two of the rarest portraits in the show depict Henry and Martha Onley, a black couple who came to New Bedford from Virginia early in the 1850s. They are the only known 19th century paintings of local persons of African-American descent.

William Allen Wall, New Bedford's most prolific resident artist, painted five of the portraits in the exhibit, including the earliest known oil painting of an Azorean, the whaleman and merchant, Joseph Vera.

With the exception of Clifford W. Ashley's 1909 portrait of Captain Benjamin A. Higgins, all of the works in the exhibit date from the 19th century. Most, in fact, were done prior to 1850, before the painted portrait largely succumbed to the revolutionary new methods of photography.

The Whaling Museum is open Mondays through Saturdays from 9 a.m. to 5 p.m. On Sundays in August the hours are 11 a.m. to 5 p.m. In September and succeeding months Sunday hours are 1 to 5 p.m.

Project GROW

Project GROW, the local public school early childhood program, is seeking students for the up-coming school year. A recently awarded state grant, combined with local funds, will enable the continued operation of the pre-school class at the Sippican School. The program runs mornings (9-1) Monday through Thursday, and follows the public school calendar. It is tuition free. Parents are responsible for providing transportation to and from school each day. Efforts are made to assist parents in forming carpools.

Enrollment is open to all children from Marion, Mattapoisett, and Rochester who were born between January 1, 1987 and September 1, 1988. Preference will be given to children from low-income families and others in need as determined by the Early Childhood Advisory Council. Applications are being accepted for eight openings.

The purpose of Project GROW is to provide pre-school experience to children whose families have been unable to enroll them in another program and who desire a pre-school experience for their child and to provide children with special needs the opportunity to receive service in the least restrictive environment.

The program is staffed by a certified teacher and an aide. Home visits are an integral part of the program with the teacher visiting each student's home regularly.

A recent mailing, based on town census information, was sent to all families with age-eligible children. If you did not receive a mailing, have an age-eligible child, and are interested in this program for your child, you may pick up an application at the Sippican School beginning August 19th. Priority will be given to applications received by August 22nd.

P.C. Wildlands Trust

At the annual meeting in Marshfield on June 29th, George B. Mock, Jr. of Mattapoisett and Susan Blackmore Peterson of Rochester were elected to three-year terms as Directors of the Plymouth County Wildlands Trust (PCWT). Another Rochester resident, John Teal, serves on PCWT's Advisory Board. PCWT, a non-profit organization dedicated to preserving natural areas in southeastern Massachsuetts, owns over 153 acres of conservation land on 3 preserves in Rochester - the Bruce Reservation, the Lincoln P. Holmes Memorial Woods, and the Stephen C.L. Delano Memorial Forest. PCWT also owns an additional 1,100 acres in 9 other towns in the region. Membership is open to anyone with an interest in preserving open space and the character of the landscape. Members receive a quarterly newsletter and invitations to guided walks, bike and canoe trips, and other events. For more information call (617) 934-9018 or write to PCWT, Box 2282, Duxbury, MA 02331.

PCWT invites area residents to enjoy volunteer opportunities. There are many openings, including trail cutting and maintenance, leading walks and field trips, compiling inventories of flora and fauna,

Migratory Shorebirds

MONOMOY ISLAND BIRDING TRIP

Join the Lloyd Center for Environmental Studies on Sunday, August 18th, for an all-day birding trip as we explore Monomoy Island in search of rare and interesting migratory birds. Most of the migratory shorebirds that travel the Atlantic Flyway stop over on Monomoy Island, making it a premiere birding site. We may see godwits, whimbrels, dowitchers, and "peeps" as well as glossy ibises, oystercatchers, black skimmers, roseate terns and even short-eared owls.

Participants will take the ferry to the northern island (ferry fee included) where we will explore the extensive tidal flats, salt marsh and barrier beach dune system. Participants should bring knee-high length boots or waders and a lunch.

Fees for the Monomoy Birding Trip are $25. for Lloyd Center members and $30. for non-members. This trip is filling up quickly, so we urge you to pre-register. For more information contact the Lloyd Center at 990-0505.

U.S. Air Force Band of N.E. TO PERFORM FREE CONCERT

"Symphonic Winds", the United States Air Force Band of New England, will perform a free concert at Heritage Plantation of Sandwich Wednesday, August 21st, at 7:30 p.m.

This exceptional performing unit is stationed at Hanscom AFB, Bedford, MA. The members of "Symphonic Winds" are highly talented musicians who bring to each concert the skill and knowledge gained from years of study and performing experience. Many hold music degrees and have studied with prominent teachers.

Programs are chosen to highlight the diversity of America's musical cultural heritage, combining many different types of music. A typical evening concert might include light classical selections, an instrumental soloist, several contrasting marches, a featured vocalist, selections from the great favorites of Broadway, Hollywood, and the current popular repertoire, plus a stirring patriotic finale. These concerts follow the example of the world-famous "Boston Pops" with emphasis on variety, quality, and the highest standards of performance.

All concerts by the Air Force Band of New England are free and open to the public, presented as a public service. Audiences of all ages will find a concert by "Symphonic Winds" an exciting, patriotic and memorable event. Heritage Plantation will not charge admission to this show.

Please bring a lawn chair or blanket to this outdoor concert. For more information call 888-3300.

in this wonderful historic garden.

Liz Carroll is the winner of the All-Ireland Championship and is a legend among Irish and non-Irish musicians around the world. According to one critic, "Liz conjures up a dizzying mixture of the sweetest tones, the fastest runs, and the most amazing displays of musicianship imaginable". Her record has been recognized by the Library of Congress as one of the best traditional records for the year.

Billy McComiskey was formally a member of The Irish Tradition. He is considered to be one of the finest button accordian players, combining traditional music with a dazzling display of musicianship.

Together they promise an exciting and exhilarating concluding performance of the New Bedford Heritage Concerts.

Come to the Garden and enjoy a delightful evening with friends or family. This year the Museum is offering box suppers from Jeffrey's Cafe at $7.00 per person. They must be ordered by 4:00 p.m. Friday.

The concert begins at 7:00 p.m.; gates open at 6:30 p.m. Admission is $4.00 per person; $2.00 for members and $1.00 for $1.00 for children under 12 and senior citizens.

Clan Sutherland, Highland Light

SCOTTISH PIPE BANDS AT HERITAGE

Scottish Pipe Bands have become very popular with visitors to Heritage Plantation of Sandwich returning season after season to perform. This summer is no exception, for on Sunday, August 18th, the Clan Sutherland and Highland Light Scottish Pipe Bands will play and march to the Military Parade Field, where they will perform at 1:00 and 3:00 p.m.

As an added attraction, the Highland Light Society will bring three young Scottish dancers to round out the program. The Summer sisters are from Chatham and will be attired in Scottish costumes.

The colorful Highland Light Scottish Pipe Band is Cape Cod's own. The band actually evolved from a highly successful adult education course offered at D-Y High School. The course was organized by Bill Brittain and Bruce Cameron Williams, who are pipe enthusiasts and players.

Both Pipe groups wear regimental dress for parades. This consists of kilts and khaki shirts with sporrans worn on the front. The kilts are subdued blues and greens. This is hunting tartan of the Stewart Clan, which makes the wearer less visible in the woods.

The sporran is a pouch or pocket made of horsehair. Pipers wear Glengarry caps decorated with cock feathers. The pipes themselves are colorful with tassels tied to the ends of the drones. From the minute they assemble at the Main Gate and march through the grounds, visitors are caught by the haunting sounds of the bagpipes.

ST. JUDE'S NOVENA

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us.

Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised. Thank you St. Jude. A.C.

Visitors should also plan to visit "The Scottish Soldier" exhibit in the Military Museum. This colorful display includes uniforms and accoutrements of some of the most famous Scottish regiments in the British Military such as the Black Watch, Scots Guards, Highland Light Infantry and Cameron Highlanders. All are selected from the collections of New England Military collector Meng Chi Tsen. Supplementing the array of full dress, state and field uniforms from the Victorian Period to the end of World War II are a number of eighteenth, nineteenth, and twentieth century watercolors, prints and drawings from the Anne S.K. Brown Military Collection, Brown University.

Please bring a lawn chair or blanket to watch the Pipe Bands perform. The ticket for the day will be honored for all exhibits and buildings on the grounds of the Museum. Tickets are $7.00 adults, $3.00 for children under 12, $6.00 for senior citizens, and children 5 and under, free. For more information call 888-3300.
